Gentlemen:

Sub: Street Lighting Contract.

In connection with our letter of January 19, 1932, relative to the terms of a new contract covering the lighting of the streets of this City, and your reply of January 20, 1932, together with our more recent meeting on this subject; we wish to advise that the Mayor and Council of Salisbury agree to the extension of the existing contract, dated July 31, 1925, to 31st day of July 1933.

This letter may be construed as due notice under the provisions of the above contract dated July 31, 1925, as cancellation of same as of July 31, 1933.

Kindly acknowledge the receipt of this notice.

Yours truly,

Clerk.

ORDINANCE NO. 242

An ORDINANCE authorizing and directing the City of Salisbury to issue a permit to A. Wooten, of Salisbury, Maryland, in accordance with his application for a permit to construct and install an automobile filling station on West Main Street, adjacent to Bradley's Garage, in the City of Salisbury, Maryland.

All persons interested in or opposed to passage of this Ordinance are hereby notified to appear before the Mayor & City Council on Monday, March 20, 1933 at 8.00 P. M.

WADE H. INSLEY, Mayor.
J. R. LAWS, Clerk.

WHEREAS, Bethesda Methodist Protestant Church in Wicomico County, State of Maryland, Inc., an ecclesiastical corporation of the State of Maryland, is about to execute unto Mayor and Council of Salisbury, a municipal corporation of the State of Maryland, a deed of easement in, over and to its certain lots in Camden Election District, of Wicomico County and State of Maryland, on the Westerly side of and binding upon Camden Avenue, and extending West therefrom in a nearly uniform width of 125 feet by and with the property of S. Norman Holland on the South and the W. T. Banks' Heirs Sub-division on the North, to the property of William P. Young on the West, and

WHEREAS, it is a condition of said grant of easement for the purpose of construction of storm water drain that the hereinafter provisions be accepted by the Mayor and Council, now, therefore, be it

RESOLVED by the Mayor and Council of Salisbury that if and when said Bethesda Methodist Protestant Church in Wicomico County, State of Maryland, Inc., shall request and direct said Mayor and Council to extend said storm water drain West from Camden Avenue and as far as Federal Street and along Federal Street to the existing north line of the said Church property, after reasonable notice to said Mayor and Council of Salisbury, and opportunity for its duly appointed representatives to be heard before the Trustees, and/or Stewards and Official Board of said ecclesiastical corporation, and after said hearing said ecclesiastical corporation shall direct the Mayor and Council of Salisbury to extend said storm water drain as aforesaid, said Mayor and Council of Salisbury will thereafter with reasonable expedition construct and extend said storm water drain as aforesaid.

The above Resolution was adopted by the Mayor and Council of Salisbury at its regular meeting held on Monday, March 13, 1933.

President of Council

CITY HALL, SALISBURY, MD., MARCH 27, 1933

REPORT OF OPERATIONS OF THE
WATER AND SEWER DEPARTMENT FOR THE SIX MONTHS
ENDING JUNE 30, 1933

WATER DEPARTMENT

PUMPAGE:

A schedule of the water pumpage during the past six months ending June 30, 1933, as measured by the plant Venturi meters is as follows:

January	1933	20,898,000
February	"	19,438,000
March	"	20,245,000
April	"	19,706,000
May	"	24,706,000
June	"	<u>40,372,000</u>
Total		145,365,000

Note: The quantity of water pumped during the above period represents an increase of 7.93% over the corresponding six months of 1932.

Maximum pumpage occurred on Thursday, June 22, with 2,236,000 gallons; minimum on Sunday, March 19, with 527,000 gallons. These figures represent domestic and industrial consumption only.

The above figures are the quantity of water delivered to the distribution system of the City of Salisbury, all of which was aerated and treated with hydrated lime before being pumped into the system.

The water was pumped against an average head of 140 feet, 30 feet representing the lift from the wells to the aerator and 110 feet the lift of the high service pumps.

WATER CUSTOMERS:

64 new water service connections to mains during the period of this report.

TEMPORARY WATER LINES LAID BETWEEN JANUARY 1, 1933 & JUNE 30, 1933:

Livingston Street 306 lin.ft. 2" Galv. Pipe.
Saratoga Street 350 lin.ft. 2" " "

GAGING STATION:

During the month of October 1929, the Water Department, in conjunction with the U. S. Geological Survey, installed a stream flow measuring station at Schumakers' Dam, 2 miles south-east of Salisbury. The records from this station for the period of this report have been used in the preparation of a graph chart which is attached, showing the following information:

Daily stream flow at Schumakers' Dam.
Daily water consumption--water works.
Daily maximum and minimum temperature.
Daily precipitation.

The stream flow records have been taken from the measuring station at Schumakers' Pond, the water consumption at Salisbury from the venturi meters at the Pumping Plant, the temperature and precipitation records obtained from the U. S. Weather Bureau Station at Salisbury.

SEWER DEPARTMENT

SEWER CONNECTIONS:

During the period of this report 35 properties were connected to the City sewer, making a total of 1219 properties connected or 5485 persons (based on 4 1/2 persons per connection) since July 1, 1926.

17 service connections were extended from the sewer to property line by the Operating Department from January 1, 1933 to June 30, 1933.
